wearing the chest sensor

1. Plug the breathing connector marked with gray tape into the gold connector on the clasp marked with gray tape.

2. Wear the chest band under the armpits and underneath your clothing.

**White box on the left side of your body.
Cables pointing down towards your feet.**

3. Peel off the covering from the two white stickers. Place the stickers on your body as shown in the picture below.

4. Attach the circle connectors to the stickers.

red tape – center of chest

blue tape – left side

5. Plug the remaining breathing connector into the open gold connector on the clasp.

DONE! Your equipment and cables should look like this:

wearing the wrist sensors

1. Make sure the wrist sensor is charged.
2. Wear the wrist sensor with the labels right-side-up when you look at your wrists.

Note: It is important to always wear each sensor on the same wrist (left or right).

sensor data quality

- ✓ green check mark: good data quality!
- ! yellow caution: something's not right
- ✗ red X: it's not working at all
